

# Coleman

model 238B "Prince"

The Best of Its Kind!

all fuel safety-sealed

# Rapid-Lite

500 c.p.

kerosene lantern

- ★ 500 Candle-Power. Burns Kerosene and lights in a matter of seconds.
- ★ Also can burn Lighting-Petrol — with no adjustments needed.
- ★ New Coleman design Rapid-lite gives full burning radiance in 30 seconds.
- ★ Nickel-plated Brass Fount, tested to 200-lbs. pressure.
- ★ Positive shut-off Valve eliminates re-pumping each time lantern is lighted.
- ★ Built-in Cleaning Needle.
- ★ Highly polished, handsome aluminium ventilator.
- ★ Thermal shock-resisting glass globes.

will not blow out!
